

Trellex T-Step PU Modular System

Step Modules in Polyurethane

Standard polyurethane module dimensions: 300 mm x 600 mm (1' x 2'). Half panels are available as well 150 mm x 600 mm (6" x 24"). Made with extremely wear resistant polyurethane in different Durometer to meet any demand.

Long life with the right combination

Different module type, thickness' and hole sizes can be used on the same deck. This allows finetuning of the accuracy and optimizes the screen performance and service life.

Fast and easy installation

The Snap-On frame is based on steel profiles that require no maintenance. No Nuts, bolts, pegs etc. are needed. Profiles and modules are lightweight.

Four different types of modules:

Normal Duty: Standard Module.

Reduced: Standard module with less openings and thicker in screening area.

Heavy Duty: Reduced panel with less openings and even thicker in the screening area.

Mining Duty: Same overall dimensions as T-Step RU.

Normal duty
